premiums, more for their care, more on out-ofpocket expenses and deductibles; all the while giving tax breaks to the wealthy and the tanning industry.

One amendment to this bill would repeal the Essential Health Benefits, the ten coverage rules set up by the Affordable Care Act. The Affordable Care Act required insurers to cover ten "Essential Health Benefits" from maternity care, mental health, and prescription drugs, to hospitalization and outpatient care. If this is repealed, comprehensive health insurance will become virtually unavailable in the individual market. This means that individuals with preexisting conditions would not be protected. Younger and healthier people benefit, older and sicker people suffer.

Another amendment would allow states to waive out of the Affordable Care Act's ban on pre-existing conditions. However, Members of Congress and their staff would be protected from this provision and would be guaranteed coverage of pre-existing conditions.

Mr. Špeaker, the public has spoken about this so-called "replacement" bill. People will live or die as a result of this legislation. The Republican leadership has rushed this bill to the floor without any consideration and I urge you all to consider its harmful effects. Your constituents are asking you to work with us to repair the Affordable Care Act. Work with us.

Ms. ESHOO. Mr. Speaker, include in for the RECORD a letter from common sense kids action:

COMMON SENSE KIDS ACTION, April 25, 2017.

Re H.R. 1628—OPPOSE

Hon. DIANE BLACK.

Chairwoman, House Budget Committee, House of Representatives. Washington. DC.

DEAR REPRESENTATIVE BLACK: On behalf of the millions of American kids and families who rely on comprehensive, dependable health insurance to stay healthy and to get medical treatment when they need it, we are writing to respectfully express our strong opposition to your bill, H.R. 1628, the American Health Care Act (AHCA). We have added this bill to our Common Sense Legislative Ratings Tool as an "Against Kids" bill and will communicate our position to our parent and teacher members.

Common Sense is the nation's leading independent nonprofit organization dedicated to helping kids thrive in a rapidly changing world. We empower parents, teachers, and policymakers by providing unbiased information, trusted advice, and innovative tools to help them harness the power of media and technology as a positive force in all kids' lives. The policy arm, Common Sense Kids Action, is building a movement of parents, teachers, business leaders, and others dedicated to making kids our nation's top priority by supporting policies at the state and federal level that contribute to the building blocks of opportunity for kids. Access to affordable and quality medical care for kids is certainly one of those key building blocks.

Thanks to current law, including the Affordable Care Act, Medicaid, and the Children's Health Insurance Program (CHIP), 95% of young children in the U.S. today have health insurance. That's a remarkable achievement. With health insurance, parents are more likely to seek medical care for themselves and for their children, helping to prevent illnesses from developing and shortening their duration when they occur. However, the AHCA will result in 24 million fewer Americans having coverage, including millions of children. This jeopardizes the

health and well-being of America's kids and will alarm any parent who understands the importance of health insurance for their children and family. The Affordable Care Act certainly needs to be fixed, but if Congress has the goal of making sure that all families and businesses have access to affordable and comprehensive health insurance, it could improve the law for everyone without forcing millions of kids and their parents to lose access to critical medical care.

As Congress continues to grapple with this issue, health insurance programs, we think these facts about children's health insurance from the Congressional Budget Office and the Georgetown University Center for Children and Families are important to keep in mind:

Ninety-five percent of children age 0-5 are insured today.

Forty-five million of those children access health care through two programs: about 37 million through Medicaid (a federal-state program) and 8 million through CHIP, the Children's Health Insurance Program.

Children are the single-largest group of persons covered under Medicaid.

Under the Affordable Care Act, as you know, many states expanded Medicaid with help from the federal government, increasing coverage for kids and families, including coverage for mental health care.

Changes being considered, including under the AHCA, would cut funding to Medicaid by as much as \$880 billion over the next 10 years

The AHCA, when compared with current law, would result in 24 million fewer Americans with health insurance by the year 2026.

Even with changes recently suggested to your bill, America's kids will be best served by strengthening the Affordable Care Act and preserving Medicaid and CHIP, not by repealing the Affordable Care Act and block granting or establishing a per capita cap on Medicaid. We urge you to keep our children's future foremost in your thinking, withdraw your bill, and work on a bipartisan basis to support measures that protect and strengthen children's health care. Thank you for your consideration of our views and we would be happy to talk with you at any time about this and other issues that matter to America's children and families.

Sincerely,

# DANNY WEISS, Vice President, Federal Policy.

The SPEAKER pro tempore. All time for debate has expired.

Pursuant to House Resolution 228, the previous question is ordered on the bill, as amended.

The question is on the engrossment and third reading of the bill.

The bill was ordered to be engrossed and read a third time, and was read the third time.

The SPEAKER pro tempore. The question is on the passage of the bill.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

### RECORDED VOTE

Mr. SCOTT of Virginia. Mr. Speaker, I demand a recorded vote.

A recorded vote was ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, further proceedings on this question will be postponed.

# ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, proceedings

will resume on questions previously postponed.

Votes will be taken in the following order:

The question on passage of H.R. 2192; The question on passage of H.R. 1628; and

The motion to suspend the rules and pass H.R. 1644.

The first electronic vote will be conducted as a 15-minute vote. Remaining electronic votes will be conducted as 5-minutes votes.

# PUBLIC HEALTH SERVICE ACT AMENDMENT

The SPEAKER pro tempore. The unfinished business is the vote on passage of the bill (H.R. 2192) to amend the Public Health Service Act to eliminate the non-application of certain State waiver provisions to Members of Congress and congressional staff, on which the yeas and nays were ordered.

The Clerk read the title of the bill. The SPEAKER pro tempore. The question is on the passage of the bill.

The vote was taken by electronic device, and there were—yeas 429, nays 0, not voting 2, as follows:

[Roll No. 255]
